

2019
ANNUAL
REPORT

Kids in the greatest need, need love.

For homeless kids living without a family of their own, HALO provides the foundation of a family. It's a long-term, one-on-one, unconditional commitment to our kids that is rooted in love and fueled by volunteers.

Everyone can think of that one moment in their life that changed everything. It's the moment that made you who you are today.

For more than 1,400 kids around the world, HALO is that moment. At HALO, we give our kids a home in which hope can emerge from hardship. And where drawings about their past unlock dreams about their future.

We work wherever kids who have been abused, abandoned, and orphaned, need to feel loved. We work to help one more child spend one less day alone.

“HALO helped me learn that it’s okay to be yourself; it helps you learn to accept yourself.” — Amanda
Age 14

From Our Founder

Dear HALO Family,

HALO has been around for 14 years. That means that the first kids we ever met are now in their 20's. It all got a little too real when the boys started having facial hair. That first group of kids are starting their own families and passing down the traditions they have learned in our homes.

HALO has been a dream that turned into the greatest kind of reality. The truth is in their faces, it is in their families, and it is in the data. We have grown into a mighty family that has changed thousands of lives. As you look through these pages, you will see the supporters and the supported alike, all of them looking toward a brighter future. From the child who was living on the street to the volunteer who was searching for more meaning, to the donor who wanted to make an impact, we have grown into a mighty, unstoppable family. And one of which I am so proud to be a small part.

We are grateful you are part of this family every single day and we look forward to continuing to help one more child spend one less day alone.

HALO Hugs,

Rebecca Welsh
Founder & CEO

Our Work

6,000
Homeless
Youth

In Kansas City, Mo., Point In Time* estimates that there are nearly 6,000 homeless 13-24 year olds in need in Kansas City. This DOES NOT include teens who are living on couches and compromising circumstances, as we so oftentimes hear from youth in need of HALO housing.

Point In Time provides the official homelessness count and numbers from local school districts.

Babies born in Missouri with an opioid addiction has increased by 538% over the last 10 years. This cripples the hospitals, foster system, and effects older children who are in the system. There just aren't enough places for these kids to go.

538%

\$300,000

The average cost of a youth aging out of the system in incarceration and welfare. The longterm solution is breaking the cycle.

"Treat a man as he is, and he will remain as he is. Treat a man as he could be, and he will become what he should be." - Ralph Waldo Emerson

Our Work

HOUSING

Shelter from the storm, in more ways than one. Providing the foundation of a family means we not only give homeless kids a safe place to sleep, we teach them how to make their bed every morning.

That's just one of hundreds of little how-tos most kids learn from their parents or grandparents. HALO kids learn them here in order to take on a wide spectrum of needs, from simply surviving the night, to surviving their first job interview, to thriving on their own as successful young adults.

HEALING

Homelessness hurts. Art heals. A picture is worth a thousand words, and our kids have plenty of stories to tell. But often, they don't want to talk about their life before HALO. Therapeutic art provides kids with a safe place to purge painful memories and share their stories, so they can start the healing process without having to say a word.

Living at the fringes can leave lasting scars, inside and out. So beyond the breakthroughs brought about through works of art, HALO supports healing holistically, through counseling sessions, medical check-ups, life skill courses and a program called iEmpathize, which teaches kids how to recognize and avoid negative relationships, sex trafficking, and predators.

A little love goes a long way in helping kids come back from the edges of their community, so they can someday play a role in shaping it.

EDUCATION

After years on the street, kids are hungry for much more than food. HALO puts homeless kids on a path to a positive future. Through tutoring, professional development, scholarships and help preparing for higher education, our kids work hard to leave the "at-risk" label behind and finally be seen as just a great kid with the potential to do great things.

Learning Center

Through therapeutic art programs, tutoring, professional development, scholarships and help preparing for higher education, our kids work hard to leave the “at-risk” label behind and finally be seen as a great kid with the potential to do great things. Programs are offered year round, multiple times a week, with a future focused curriculum to equip our youth with life skills to promote healing and help them to learn independently in a safe environment.

HALO delivers free programming and services to awarded program recipients on an annual basis to help provide the full circle of care for youth in the greatest need.

Our current Program Recipients include:

CORNERSTONES
OF CARE

Transitional Living Program

The HALO Transitional Living Program (TLP) is an 18 month-long program that provides free housing for pregnant, parenting, and non-parenting youth ages 16-21 years old who are in homeless or high-risk situations. The goal of the HALO TLP is to help youth exit “crisis mode,” set long-term goals for themselves, and learn to live independently.

This program provides children of parenting teens a safe and stable living environment and assistance in securing daycare. Youth who are accepted into the program are required to be enrolled in school and seek and obtain part-time employment while they are in school. Youth who have graduated from high school must either obtain full-time employment or start college classes.

Youth are required to participate in life-skills workshops, which are aimed at teaching them how to live independently. Parenting youth are required to take weekly parenting classes. HALO staff work with youth on 7 main focus areas: Education, Employment, Financial, Parenting, Health, Spiritual, and Transportation. Each youth meets weekly with HALO Staff to work on their goals and assess their progress throughout the program.

Our Work

OUR WHY, HOW, & WHAT

Why Statement

HALO is the foundation of a family
for children without one.

HALO provides housing, healing
and education to at-risk and
homeless children.

How Statement

Our mission is to help one more child spend
one less day alone. HALO provides a safe-
haven of healing and hope at its HALO
Learning Centers. We also have a
Transitional Living Program (TLP). This is an
18 month-long program that provides free
housing for youth ages 16-21 years old and
their dependents who are in homeless or
high-risk situations.

What Statement

Celebrations

Just launched! The HALO Jefferson City Boys program is a safe place of healing and hope and puts at-risk and homeless teen boys on a path to a positive future. Through tutoring, connecting with male role models, life skill development, healthy relationship building, and recreational activities, these boys have the potential to do great things in our community. This program connects male teens to resources year-round, provides a home cooked meal and is open during the after-school hours of Monday-Thursday 3 p.m. - 9 p.m. and hosts Summer activities.

Denis has been a part of our HALO Home in Kenya since he was a very young boy. He is the first from this HALO home to receive the highest grade in his high school and will be attending one of Kenya's universities!

HALO Youth Marjai received the Kansas City Securities Association Scholarship through HALO participation and started college at the University of Missouri! We know she will accomplish great things in college and are so proud of her HALO journey.

HALO Founder Rebecca Welsh was invited back to speak at the Annual Variety Power of Women Luncheon on Oct. 11 in Los Angeles. This event showcases Hollywood's most philanthropic women selected as Variety's "Power of Women Honorees." Through their humanitarian efforts, these women make a significant difference in their chosen causes.

Tiffany & Co. welcomed staff and several HALO graduates to a day devoted to celebrating our HALO graduates. At the end of the event, each graduate was given a little blue bag of gifts and an orchid symbolizing growth.

Capital Campaign

For over 14 years, HALO has built housing programs all over the world, providing the foundation of a family for children without one. In 2017, we opened the HALO Home in Jefferson City, housing up to 48 children. And now it's Kansas City's turn. There are 6,000+ homeless children on any given night in Kansas City, with only 33 beds available at shelters. HALO can be a solution to providing a safe place.

HALO Bloom Art Showcase

One way that HALO spreads truth through art is with Bloom, a traveling poetry display that shines a powerful light on homelessness and life for at-risk youth. These poems showcase the resilience and strength that it takes for our kids to bloom into the person they want to become. Bloom is displayed within your organization for one month and includes a lunch & learn where staff from HALO come to tell you more about who we are and how you can get involved.

3rd Annual "I Defy The Odds" Campaign

HALO Founder Rebecca Welsh said, "When we tell a child that she's valued, that she's an absolute treasure, and then finally she believes it, that's when we see the best of this world.

That's the magic of love...she then slowly becomes a force that can and will defy the odds." HALO's 3rd Annual "I Defy the Odds" campaign honored several HALO youth who are defying the odds of homelessness.
