

2021
ANNUAL
REPORT

Kids in the greatest need, need love.

For homeless kids living without a family of their own, HALO provides the foundation of a family. It's a long-term, one-on-one, unconditional commitment to our kids that is rooted in love and fueled by volunteers.

Everyone can think of that one moment in their life that changed everything. It's the moment that made you who you are today.

For thousands of kids around the world, HALO is that moment. At HALO, we give our kids a home in which hope can emerge from hardship. And where drawings about their past unlock dreams about their future.

We work wherever kids who have been abused, abandoned, and orphaned, need to feel loved. We work to help one more child spend one less day alone.

“HALO provides a safe place. It’s genuine. They’ll show you the love you deserve.”

— HALO Youth
Age 18

From Our Founder

Dear HALO Family,

Some of my favorite moments from this year were when I got to spend time with HALO youth Ziere. Ziere was born with a heart defect and his mother was told he wouldn't make it. He persevered through multiple surgeries and has defied the odds that have been stacked against him over and over again.

During the pandemic, Ziere's mother unexpectedly passed away, and he was devastated. It has been very important for everyone to rally around him during this difficult time. Through all his trials, Ziere has chosen to keep his spirits high. He continues to be the brightest light in every room he enters.

Our goal is to support and help Ziere continue to shine his light wherever he goes. He is now a coaching intern on the HALO Heat Boys Basketball team. He recently was hired at Target, which has partnered with HALO for professional development and as a potential place of employment for our youth. We are so proud of him.

Ziere's story is so powerful that I consistently make reference to it in my daily life. He has taught us that attitude is everything and anything is possible for our youth if we come by their side and give them the support they deserve. This would not be possible without you, our HALO Family. You make it possible for kids like Ziere to have a chance at the life they absolutely deserve. Your time, talent, and treasure has made this happen for over 3,000 kids and for that we are forever grateful.

When I look through this Annual Report, I am proud of what we have done together and excited for what we will be able to accomplish in the years to come. Thank you for being part of the HALO Family.

6,000
Homeless
Youth

In Kansas City, Mo., Point In Time* estimates that there are nearly 6,000 homeless 13-24 year olds in need in Kansas City. This DOES NOT include teens who are living on couches and in compromising circumstances, as we so oftentimes hear from youth in need of HALO housing.

Point In Time provides the official homelessness count and numbers from local school districts.

Babies born in Missouri with an opioid addiction has increased by 538% over the last 10 years. This cripples the hospitals, foster system, and affects older children who are in the system. There just aren't enough places for these kids to go.

538%

\$330,000

The average cost of a youth aging out of the system in incarceration and welfare. The longterm solution is breaking the cycle.

“Treat a man as he is, and he will remain as he is. Treat a man as he could be, and he will become what he should be.”

- Ralph Waldo Emerson

Our Work

HOUSING

Shelter from the storm, in more ways than one. Providing the foundation of a family means we not only give homeless kids a safe place to sleep, we teach them how to make their bed every morning.

That's just one of hundreds of little how-tos most kids learn from their parents or grandparents. HALO kids learn them here in order to take on a wide spectrum of needs, from simply surviving the night, to surviving their first job interview, to thriving on their own as successful young adults.

HEALING

Homelessness hurts. Art heals. A picture is worth a thousand words, and our kids have plenty of stories to tell. But often, they don't want to talk about their life before HALO. Therapeutic art provides kids with a safe place to purge painful memories and share their stories, so they can start the healing process without having to say a word.

Living on the fringes can leave lasting scars, inside and out. So beyond the breakthroughs brought about through works of art, HALO supports healing holistically, through counseling sessions, medical check-ups, life skill courses, and a program called iEmpathize, which teaches kids how to recognize and avoid negative relationships, sex trafficking, and predators.

A little love goes a long way in helping kids come back from the edges of their community, so they can someday play a role in shaping it.

EDUCATION

After years on the street, kids are hungry for much more than food. HALO puts homeless kids on a path to a positive future. Through tutoring, professional development, scholarships and help preparing for higher education, our kids work hard to leave the "at-risk" label behind and finally be seen as just a great kid with the potential to do great things.

Our Work

Transitional Living Program

The HALO Transitional Living Program (TLP) is an 18 month-long program that provides free housing for pregnant, parenting, and non-parenting youth ages 16-21 years old who are in homeless or high-risk situations. The goal of the HALO TLP is to help youth exit “crisis mode,” set long-term goals for themselves, and learn to live independently.

This program provides children of parenting teens a safe and stable living environment and assistance in securing daycare. Youth who are accepted into the program are required to be enrolled in school and seek and obtain part-time employment while they are in school. Youth who have graduated from high school must either obtain full-time employment or start college classes.

Youth are required to participate in life-skills workshops, which are aimed at teaching them how to live independently. Parenting youth are required to take weekly parenting classes. HALO staff work with youth on 5 main focus areas: Daily Living, Self Care, Relationships and Communication, Housing and Money Management, and Career and Education. Each youth meets weekly with HALO Staff to work on their goals and assess their progress throughout the program.

Our Work

Learning Center

Through therapeutic art programs, tutoring, professional development, scholarships and help preparing for higher education, our kids work hard to leave the “at-risk” label behind and finally be seen as a great kid with the potential to do great things. Programs are offered year round, multiple times a week, with a future focused curriculum to equip our youth with life skills to promote healing and help them to learn independently in a safe environment.

HALO delivers free programming and services to awarded program recipients on an annual basis to help provide the full circle of care for youth in the greatest need.

HALO MAKERS

In collaboration with Julie Arnold of Place Interiors, HALO youth are given a chance to learn valuable life skills through the entire process of how to make, market, and sell a charcuterie board. Sanding and finishing the wood trays offers therapeutic benefits to youth struggling with homelessness and other life issues. Funds raised support the Maker's Future Fund.

Each Limited Edition Tray is handcrafted and unique in style using a variety of reclaimed woods.

Please contact carlyschultze@haloworldwid.org if interested in placing a pre-order, allow 3 months for completion.

Capital Campaign

For over 17 years, HALO has built housing programs all over the world, providing the foundation of a family for children without one. In 2017, we opened the HALO Home in Jefferson City, housing up to 48 children. And now it's Kansas City's turn. There are 6,000+ homeless children on any given night in Kansas City, with only 33 beds available at shelters. HALO can be a solution to providing a safe place.

ART TELLS THE TRUTH

BLOOM is a powerful lens on homelessness and life for at-risk and orphaned youth. These poems communicate the strength, personal growth, and resiliency of our kids and how they choose to bloom who they want to become. These poems tell their truth.

Total Raised:

Our favorite moment was when our special guest, Oprah Winfrey, surprised HALO Alumni Marjai. Her words of wisdom and encouragement reminded us all of the power of love.

Raised \$22,269

During the second year of our #ArtDoesGood fundraiser, we received incredible support from individuals, groups, families, and teams. Some used the chance to make something beautiful, others pulled together to raise donations for HALO.

HALO Hosted our Annual Summer Showcase. This event celebrates the HALO youth artwork created after a summer of developing their passions and talents in different Learning Center Summer programs.
